13. TESTS:

A number of tests comprising un-timed "Hills", and timed "Autotests" will be held at the organisers' discretion.

All runs to count towards results.

It is planned to have 3 Hills and 2 Autotests, run over a minimum of 3 rounds (15 tests) and a maximum of 4 rounds (20 tests).

"Hills" will run as per MSA Car Trial regulations, with gates (sub sections) marked from 12 to 1.

Competitors must attempt each test non-stop. Penalties will be applied for failing in a section by stopping in a section, or by striking a marker pole (gate).

"Autotests" will run as follows: Competitors will attempt each timed test as per a normal "Hill" test with markers running from 12 to 1. In the event a competitor fails in a section by stopping at any point or striking any marker pole during the run the competitor will be penalised with 12 marks (Failed run).

Of those competitors who complete the course successfully the timing will be used to assess performance, the fastest overall on that particular test setting the Target time and scoring Zero (0) and all others score in relation to the Target time based on 1 mark for every 3 seconds slower than Target. Eg 3 seconds slower than Target equals 1 mark penalty; 8 seconds slower than Target equals 2 marks, up to a maximum of 12 marks.

Timing will commence once a competitor moves off the start line and ends when passing the final "Finish line" placed shortly after the 1 gate. Timing will be by marshal's hand-held stopwatch and timed to the previous whole second.

The order of attempting tests will be at the organisers' discretion so that Classes may start and use different tests.

14. RESULTS:

Provisional Results will be posted on the C&A MC Website as soon as possible in the week following the event. Competitors will have 7 days to protest these before they are declared final.

The event will use the Marks lost system, favoring the competitor/s with the lesser total marks lost.

Any Protest must be in accordance with MSA regulations.
