7. CLASSES

The Clubman **PCA** will consist of 4 classes as follows:

- A Standard
- B Lightened
- C Uprated
- D Modified

The Clubman **Autotest** will consist of 5 classes:- A, B, C & D above plus class E below:

- E Specials

Class Definitions:

- A: **Standard**, unmodified production car. The only changes permitted from standard are the removal of the Spare wheel, and the replacement of the wheels and tyres for non-original ones of any size that fit within the arches.
- B: **Lightened** production car. The only alterations permitted from standard are the “**Removal**” by unbolting or unscrewing interior items such as rear seats, rear seat belts, carpets, dash and headlining etc, plus the removal of door mirrors. Nothing may be “replaced” with alternative items. This is a cost effective class. The thinking being, if you have to spend money, the modification is not permitted, with the sole exception of fitting a fiddle knob to the original steering wheel.
- C: **Uprated** production car. Cars fitted with uprated items, such as shock absorbers (inc coil-overs), non-original front seats or seat belts, Rollcage, Sumpguard, Exhaust, Manifold, Hydraulic Handbrake etc. This is a limited budget class, which many road-rally cars fall into.
- D: **Modified** production cars which give a clear performance advantage, such as cars retro-fitted with Limited Slip or Torque biasing differential or engines or gearboxes which were not originally fitted to that model; Cars lightened by removal of extensive amounts of body shell metal (eg. cutting out spare wheel wells), and/or fitting of body panels of non-original material (eg. Fiberglass tailgate etc)
- E: **Specials** (*Autotest only*). Any car which has exterior panels missing, including bumpers, panels, glass, lamp units (front or rear), plus any open topped car with the roof down or missing.

P.C.A. cars:

- Seat belts must be worn.
- Passenger window must be closed.
- Must have the original bumpers and lamps at the front and rear
- Open or Sports cars can only compete with their hoods erected or a hard top fitted.

All Cars:

- Tyres must have a min tread depth of 1.6 mm at start of event.
- Cars must **not be fitted with tyres in list 1B** of the MSA blue book. (the most common list 1B tyre used locally is probably the **Yokohama 21R**). These competition types of tyres are prohibited from Autotests. If your car has just ordinary road tyres, such as purchased from a local tyre garage it is probably OK. If you have purchased it from a motorsport supplier you should check with the List.
- Tyres may not be of M&S type. They should be road pattern tyres.
- All Cars must comply with MSA tyre and vehicle regulations. In particular:
E12.17. noise test. Max levels are 100 dB at 4,500rpm at 0.5 metres.

8. OFFICIALS:

- Club Stewards: Dafs Roberts
- Clerk of the Course: Jamie Jones
- Scrutineer: Gavin Reece
- Chief Timekeeper: Rob Jones
- Chief Marshal: Tex Jones

All Marshals are Judges of Fact with regard to test penalties, and their decision will be final. A list will be available for examination at the event.

9. Awards will be presented at the conclusion of the event to the O/A winners.

10. Provisional results will be published on the official notice board at the venue as soon as possible. Final results will be posted on the club website www.camconline.co.uk and be available in Control newsletter.

Any Protest must be in accordance with MSA regulations. To be classified as a finisher the driver/crew must attempt at least 75% of the tests in the car in which they started.

11. Details of all tests will be available on the day at signing-on.

There will be 3/4 test sites. Each driver will have at least 3/4 (at the organizers discretion) attempts at each test diagram in the morning, and then another 3/4 runs over different test diagrams in the afternoon. The highest penalty at each diagram will be disregarded towards a competitor's total score (Drop worst score at each test site). The number of tests will depend on number of entries at the discretion of the Clerk of the Course. Competitors will be kept advised during the day.

Timing will be to the previous whole second Minimum age of AUTOTEST driver is 16 years; PCA Driver 14; and PCA passenger 12.

The starting procedure will be:

Place front wheels on the first start line.

Stopwatch: - Start when ready after the timekeeper instructs you to "Start in your own time". Timing will commence when the front wheels cross the start line.

Split Clocks: - Start on a countdown from the marshal.

The finish procedure will be:

Timing stops when the front wheels cross the finish line. Competitors must "stop astride the finish line". Failure to stop astride the finish line will result in a line penalty being applied.

The order of attempting tests will be at the organizer's discretion.

12. Marking and Penalties will be:

- (a) Not attempting a test, or failing to attempt a test when instructed to do so..... maximum
- (b) Wrong test / false start..... maximum
- (c) Striking a pylon/cone..... 5 secs
- (d) Failing to cross/stop at a penalty line..... 5 secs
- (f) Every second and fraction taken..... 1 (and tenths)
- (g) Striking a boundary structure (fence, tree, pallets etc)..... 5 secs
- (h) Abusive language or behavior, or practicing..... 1st off. 10 secs 2nd off Exclusion
- (i) Driving in a manner deemed unsafe by the CoC..... 1st off. 10 secs 2nd off Exclusion
- (j) Placing a wheel on any grass areas during a test per offence..... 5 secs
- (k) Aggressive driving (hand breaking/speeding etc) whilst not on a test.... 1st off. 10 secs 2nd off Exclusion

For (a) & (b) * = The lowest penalty incurred by any competitor in the event making an attempt correctly on that run multiplied by a ratio of 1.5

Note: The maximum penalty for any test shall not exceed penalty (a) or (b) above.

13. Practicing anywhere in or near the venue is prohibited under pain of exclusion. This will include speeding, handbrake turns, skidding, wheel spinning and aggressive driving whilst not on tests.

14. Competitors will be supplied with a competition number, which must be displayed clearly. If there are an insufficient number of marshals competitors may be split into groups. One Group will compete while another marshals, and so on.

15. All other GRs of the MSA apply as written except for the following, which are amended:

F10.2.1 A vehicle may be entered twice by different drivers for the same award, but no driver may drive more than one car.

F4.3.2 Pylons may be less than 1m in height

F5.1.6 The BTRDA definition of test performance and wrong test will be used as follows:

In any diagram illustrating a test, dimensions will be approximate and for guidance only, whilst a sequence of maneuvers will be mandatory but not exclusive. A maximum penalty will be imposed when the mandatory sequence of maneuvers has not been completed. A test will not be incorrect if the driver realizes his/her mistake, goes back to the point at which the mistake occurred and then completes the test correctly as required by the diagram.

Competitors are reminded of the following:

Competing Cars do not need MOT or TAX, as the whole event takes place on private property.
