## Foreword

Welcome to the *BEESPEED* J.J. Brown Memorial Road Rally 2021, promoted with sponsorship from *BEESPEED* Ltd, Cibyn, Caernarfon and continued support from O.G Owen & Son Ltd. of Bangor Street, Caernarfon.

The 2021 *BEESPEED* J.J. Brown Memorial Rally will be our first road rally since the lockdown of March 2020 and will be held under any Covid-19 guidelines issued by the Welsh Government and Motorsport UK that apply on the date of the event. All entries must be made online, and fees must be paid by PayPal or BACS; we cannot accept cheques or cash payments. As things currently stand, signing-on for competitors and marshals will be carried out electronically.

Competitors must be members of Caernarvonshire & Anglesey Motor Club and must hold a valid 2021 Motorsport UK competition licence of Clubman RS status or higher. You will be required to sign on online (see SR5) and upload photos of club membership cards and competition licences. Marshals will also need to sign on online.

**IMPORTANTLY** – The third-party insurance cover previously provided by Jelf Insurance Partnership is now with **Bluefin Sport** and we will email each competitor wishing to use the scheme a Driver Declaration Form, which must be completed and returned to us stating they can either comply or not comply with the Declaration. For those that do not comply, we will forward the form to Bluefin Sport for a Letter of Acceptance to be issued.

Building on the previous years, we will provide a balanced event, providing a suitable challenge for the more experienced crews whilst keeping a simple, “no-nonsense” format to encourage novices to participate. The entry fee will include an evening meal and breakfast for each driver and navigator and the required map will be supplied by the organisers.

The event is open to a maximum of seventy-five cars. Every crew must supply a marshalling crew, who must be signed on before their competing crew may be confirmed to start. Named rally officials may not be nominated as marshals.

*The organising team.*

## 11 TYPES OF SECTION:

The event will contain the following types of sections:

STANDARD R.10.2: These sections are used to test navigation. And can be timed to the previous whole minute or previous whole second.

NEUTRAL R.10.3: These are sections used to take competitors through PR-sensitive areas. They will be driven with as little noise as possible, without the use of auxiliary lamps except in conditions of fog or falling snow. There are no lateness penalties, except towards OTL.

## 12 CONTROLS / TIMING

A number of controls will be timed to an accuracy of less than 1 minute; competitors are reminded of R 12.5.1.

Examples of each type of board to be used will be on display in the signing-on room at the start. Controls must be visited in the order on the Time Card. Competitors may reduce lateness and are reminded of R12.6.1.

Should an entry on a Timecard not be legible, or not appear to be authentic it may be considered not to have been made. Organizers may refer to Marshals Check-sheets in case of doubt. Any alterations or amendments to Timecards will only be accepted if countersigned by the marshal at time of amendment. **It is the competitor's responsibility to ensure that his/her timecard is correctly marked.** It is not the duty of the marshal to neither interpret these regulations, Motorsport UK regulations, or any other written instruction given to the competitors, nor explain the meaning thereof.

**Main Time Control:** - Located throughout the event and their location is given. The marshal will record his/her signature, direction of approach and the time showing on the clock **when the competitor's timecard is presented**, in hours and minutes. You must visit these controls within your Maximum Lateness to be classified as a finisher.

**Standard Time Control:** - These timed controls are located at the end of a Standard Section and their location is given in advance. The marshal will record his/her signature, direction of approach

Enter online at [www.camconline.co.uk](http://www.camconline.co.uk)

and the time showing on the clock **when the competitor's time card is presented**, in hours, minutes and sometimes seconds.

**Neutral Time Control:** - These timed controls are located at the end of a Neutral Section and their location is given in advance. The marshal will record his/her signature, direction of approach and the time showing on the clock **when the competitor's time card is presented**, in hours and minutes.

**Passage Control (PC):** - Un-timed manned control to prove adherence to the correct route. The competitor must stop and present the Time Card for the marshal who will enter his/her name and direction of approach. They may be replaced by a Route Check (RC) with no prior notice.

**Route Checks (RC):** - This unmanned PC will be identified by a **CODE BOARD** at the road side, containing a number of letters and/or numbers which must be noted by the competitor **IN INK** onto the Time Card, and **signed for by the marshal at the next manned control** to prove adherence to correct route.

**Secret Checks (DSO):** - Manned by a Driving Standards Observer, location will not be given. All competitors must stop and hand over their DSO / Damage card to the observer. Secret Checks will be established to ensure compliance with the Regulations, in particular the following under R 9.1.3. Give Ways. Competitors will be required to stop at all junctions specified as "Stop" and or "Give Way" junctions on the route cards. At these junctions all four wheels must be seen to stop and all forward motion must cease.

**Judges of Fact (see G10) and Driving Standards Observers (see G11) will be appointed to adjudicate on:**

Failure to stop at Stop or Give Way signs.	False starts from any Time Control.
Unauthorised use of auxiliary lights.	Unauthorised servicing.
Not complying with the route card.	Violation of out of bounds areas.
Driving in a manner likely to bring motor sport into disrepute.	Excessive sound.

**The Welsh Association of Motor Clubs is increasingly concerned at the driving behavior of some competitors at manned controls. Arriving at a control at a high speed with locked brakes can put the marshal at great risk. If the competitor car also has headlight main beam and spotlight(s) illuminated, this increases the risk as it impairs the vision of the marshal. We feel that we need to take action to ensure the safety of marshals.**

**R.9.2.1. - Any control is considered to extend for 50m around the actual point at which Officials are making their records, unless clearly visible signs are displayed to define a different area.**

**Driving Standards Observers will be present at controls to ensure that the following procedures are adhered to.**

- 1. Competitors must dip light and extinguish spots at the 50m board.**
- 2. Reduce speed so that you can stop at the marshal's location without locking your wheels.**
- 3. Leave the marshal's location only when the marshal is clear of the car.**

**Failure to comply with these instructions will result in penalties being applied as per R8.4 - YOU HAVE BEEN WARNED!**

## **13 QUIET ZONES**

Along the route the organisers may establish Quiet Zones by notification in the route cards. Additionally, the use of Quiet Boards followed by OK boards will be placed to aid crews. They will be driven with as little noise as possible, without the use of auxiliary lamps except in conditions of fog or falling snow.

## 14 BLACK-SPOTS

Certain areas may be classified as Black-Spots. Competitors must not enter these areas for any reason, even upon retirement as they are P.R. sensitive areas. The penalty for infringement is disqualification.

## 15 PENALTIES

Penalties will be assessed as per R.13, but modified as follows:

**General Regulation R.12.7** (three-quarters time rule) - A Competitor found to have traversed a distance greater than four miles between two consecutive time controls in less than three-quarters of the time specified by the official time schedule will be penalised in accordance with 13(l). In calculating the penalty, any fraction of minute will be ignored. The 3/4 rule does not apply to sections of less than 8 minutes scheduled duration.

## 16 DAMAGE

Damage checks to competing cars will be made at the start, during the event and at the end. All competitors will be required to complete a damage declaration form to be handed in at the finish or, in the case of retirement, forwarded to the Entries Secretary within 72 hours. Failure to do so will result in a competitor being reported to Motorsport UK and Club committee.

Competitors are reminded that the submission of a damage declaration form does not in itself negate their responsibilities within the law if they have been involved in a Road Traffic Collision.

Any injury/damage to third parties **MUST** be reported to the Police and event organisers immediately so they may arrange prompt action / repairs.

**R 15.1.4** - Vehicle damage in relation to 13(q) will be considered as being any tear or indentation exceeding 50mm in depth occurring to the external surfaces of the coachwork or its accessories (excluding windscreens, windows, lamps, and bumpers) above the horizontal plane at the wheel center.

## 17 RESULTS

Assessment of performances between crews will favour the crews with the fewest number of 'Fails'. Ties will favour the crew that incurs the lesser total time penalties, and so on. Further ties will favour the crew who incur the lesser time penalty first.

To be classified as a finisher a competitor must visit all Main Controls, noise checks and scrutineering ('Damage') within OTL in the same car that they started the event and avoid the penalty of disqualification. Provisional results will be published as soon as possible after the last car has arrived at the finish venue. Protests must be made in accordance with Motorsport UK regulation C 5.

Results may be declared final 30 minutes after being declared provisional at the finish.

## 18 AWARDS

Awards will be presented at the finish venue once results are declared final. The named trophies and cups remain the property of Caernarvonshire & Anglesey Motor Club Limited and must be returned within one year, or upon request, whichever is earlier.
